Objective

Full-Stack Developer with a strong foundation in web technologies and a passion for creating user-focused designs. Bringing 1.5 years of experience in Digital marketing and hands-on expertise in Full-stack development to craft engaging and responsive web applications.

Technical Skills

- **Frontend Technologies:** HTML5, CSS3, JavaScript, React.JS, Tailwind CSS, Next.js(basic)
 - **Version Control:** Git, GitHub
 - **Backend Technologies:** Node.js, MongoDB, RESTful APIs, Express.js
-

Professional Experience

Routa Digital, Noida Sector 63

Data Insights Analyst

July 2023 – Nov 2024

Presage Insights

Jan-Feb 2025

Education

Master of Computer Applications (MCA)

maharaja Sriram Chandra Bhanja deo university, Odisha

Completed: April 2023

CGPA – 8.46

Selected Projects

GreenCart – Online Grocery Store (MERN Stack)

- Developed a fully functional e-commerce grocery website using React.js, Node.js, Express, and MongoDB.
- Integrated user authentication, Online Payment, shopping cart, product filters, and order management system.

- Ensured responsive design with seamless frontend-backend communication and secure APIs.

Quick Chat – Real-Time Chat Application (Socket.io + MERN)

- Built a real-time chat platform supporting multiple users using Socket.io, React.js, Node.js, and Express.
- Enabled live messaging, room-based communication, typing indicators, and message history storage in MongoDB.
- Designed an intuitive UI for smooth user interaction and real-time updates.

Image Enhancer – AI-Based Image Optimization Tool

- Developed a web app that enhances image quality using HTML, CSS, JavaScript, and third-party APIs.
- Implemented features like brightness, contrast, sharpness adjustment, and image preview.
- Focused on lightweight UI and fast processing for enhanced user experience.

Password Manager – Secure Credential Storage App (MERN Stack)

- Built a password manager with encrypted storage using React.js, Node.js, Express, and MongoDB.
- Included user login/signup, CRUD functionality for passwords, and route protection.
- Designed for mobile responsiveness and secure handling of sensitive data.

Soft Skills

- Problem-solving mindset
- Strong communication and teamwork
- Quick learner, adaptable to new technologies

Certifications

- Full stack web Development Certification (CODE HELP)
 - Java Certification (Data Flair)
 - Python Certification (Data Flair)
-

Languages

- English (Fluent)
- Hindi (Fluent)
- Odia (Native)
